REF: Classification and Statutory Certificates on behalf of Saint Kitts and Nevis Ship Registry.

Dear All,

We are very pleased to inform you that we have entered into a formal Delegation on a Case-by-Case Agreement with the Saint Kitts and Nevis Ship Registry.

In consequence, we are now able to offer our clients Classification and Statutory Certificates of behalf of this Flag State Administration, subject to prior approval of the particular vessel(s) from said Flag State Administration.

While the FSA's website (www.skanregistry.com) has not been updated yet, it is confirmed that this matter has already been registered in GISIS, whereby PSC and other interested parties take notice.

Do not hesitate to contact us shall any questions arise.

Regards,
